The Washington correspondent of the Phil-

Marshalls:

What is your idea of a Provost Marshal?

Mine has always been something terrible. A minute secondary is the laboristic of fitteen to twenty-five words per Minotany in the laboristic of fitteen to twenty-fitteen to tw Minotsur in the labyriathe of treason to deur unsuspecting Secessionists; an Argus, whose hundred eyes no lyre can full to sleep; or, if you like it better, a Briareus, for we are told that, when treason menaced the throne of Jupiter, the hundred-handed giant ascended the heavens, and so terrified the conspirators by his fierce and threatening looks that they desisted. You never see a Provest Marshal; you never hear him, but his eyes are

Treason has been whispered in the morntelegraph apparatus and the colored lights. ing, and the traitor is in Fort Latajette being, and the traitor is in Fort Latajette be-fore night, ou his warrant. He has not a portable lattice-work frame is used to ele-vate the signal apparatus to a hight of one very agreeable ladies of this town met over hundred feet, if necessary, and also to clevate particle of gallanity, either, for when certain table to continue their correspondence a camera for day use, by which a representa the Provost Marshal quietly took possession miles can be photographed or thrown upon with their friends and adorers in Richmond, of their letters and placed a guard over their dwellings. He haunts treason sike a shadow, gether, this is one of the most thoroughly equipped scientific corps ever mustered into and has the strangest way of going down to the bottom of people's trunks, of opening people's bureau drawers, of discovering talss floors in carraiges, of dragging to the light queer documents, and maps, and private aunications intended for the edification

Here, in Weshington, you cannot escape Third Napoleon at Magenta and Solfering ly citizens, and gets into the private entrance are attributable to a great extent to the introduction of rifled cannon, balloon reconnoisof dram shops and gambling saloons. He has spoiled many a good drink, and broken ance, field telegraphs, and the assistance in numerous ways of scientific men. up many a game of fare and monte. He is Gen. Fremont is surrounding himself with natural toe of sutlers, and has a singular all the appliances of the combined wisdom fashion of going down to the bottom of wagand ingenuity of an enlightened age, and that ons and exploring suspicious barrels. A day he will be successful in driving back the or two since I saw a wagon-load of bread go-Egyptians and Austrians of the South cannot ing across the Long Bridge. Bread is an ine reasonably doubted, unless political innocent article, but presently a corporal trigue shall continue to harrass him. mounted behind, and sent his bayonet burrowing among the loaves. A moment more and the loaves were gently heaped on one A Revolutionary Soldier Outraged. A North Carolina correspondent of the N.

side and a dozen kegs of beer were rolled into quarters. By order of the Provost Marshall ! Every body knows that our Provont Marshal is Brigadier General Andrew Porter. Everybody here calls him "Andy" and so would I, but he is a military man, and I don't want to be too familiar. I don't see how they ever made him a Provost Marshal, or rather ever made him a Provost Marshal, or rather Union. Hereupon sides were taken and the representative of so much awe, power, blows were struck. The secessionists had all and cunning. He was one of those kind, the arms, and they of course had the upper gerial, honest faces which you make up in hand. One man declared "He was a Union hand as a man as man, and not ashamed to confess it." At this you would gladly accept as an escort home if expression he was taken into a shop, his nose

on mot him off a dark night.

He is not a bit classical—nor would you his head; and the lips which uttered the senmistake him for either an Argus or a Minotaur, or anything beathenish or fabulous; but a gallant good fellow, who loves his country, hates traitors, and is the natural for of cowardies and treachery. Never assembled in a store and extolling the secesshirking a duty, never walking away from sion flag, when an old Revolutionary soldier with the conscience of this fight desp in his soul, a type and representative of sur genuine Pennsylvania gentlemen—this ists if they knew how much the old Stars Andrew Porter. And out of this man and Stripes coat? He said he did, for he come from the fought under them, and saw them when first qualities.

PENSACOLA TO BE ATTACKED BY FT. PICKENS.

This Morning's Report. FROM WASHINGTON.

WASHINGTON, Oct. 11. Tribune's special: The army of the Potomac will probably oon be divided into several corps d'armée, according to the practice of European commanders. This plan has met with strong opposition from military men of the oid-school, but McClellan has insisted upon it, and it will probably be adopted. Should it be done, Generals McDowell, Franklin and Foster will be among the commanders

000 to 50,000 strong, Mr. Muir, British Consul at New Orleans, is now in Washington, having been twenty-four days en route. His journey was much obstructed by the transportation of rebel troops over railways. He states that the same determination and enthusiasm continued to be shown throughout the River. With the full complement of men, emitted a most brilliant light. Since then, State. The rebels are subjected to serious there will be nearly three hundred thous apparatus has been perfected by which the deprivations. All luxuries have disappeared men in these three divisions within gases, in the proportion of two parts bydropeared, and many of the necessaries of life

were becoming scarce. Mr. Muir will probably soon return to England. A squad of the Van Allen cavairy under lajor Max captured a rebel captain from Richmond yesterday, above Poolesville.

John Pinder, of Philadelphia, delivered to-day 10,000 minic rifles, which arrived from Belgium in the Bavaria.

Early this morning, the steamer Union ment two launches into a creek, about seven miles from Acquis Creek, to burn a rebel chooner. The expedition succeeded. They were fired upon from a field builtery, but not injured. The Postmaster General returned to-day.

Herald dispatches: Gav. Ramsey of Minnesota, who has been him in the command. The Governor's call all males between 18 a litary matters, has appointed Napeleon J. Dana, a graduate of West Point, Colonel of have yet to hear of the control of the colonel of the colon the 1st Minnesota regiment in place of ing with its requirements.

Gov. Yates and Hon. Wm. Kellegg, of Illinois, have obtained from the Government for the armament of that State \$1,-900,000, 14 batteries of James' rifled can on, 6000 muskets and 500 rifles. The last news from the Gulf Squadron
